BLUE DEAL for Future

SCHOOLS CONTEST

International Blue Energy contest

In order to raise awareness and actively involve future generations in building a blue future, BLUE DEAL project will organize an International Blue Energy contest for high schools. Participants will be requested to present an innovative idea, initiative or experiment to promote Blue Energy.

Survey on Blue Energy perception

COMING SOON

Survey on Blue Energy perception

A survey on the perception and attitude towards Blue Energy technologies targeted to the general public will be conducted in 9 involved regions through questionnaires and interviews. The survey is designed to provide reliable data on Blue Energy's social acceptance. You can find here soon the results of our big BLUE DEAL survey.
