# FINANCING INNOVATION ECOSYSTEMS FOR THE MEDITERRANEAN SUSTAINABLE BLUE ECONOMY : LOCAL ACTORS, OPPORTUNITIES AND CHALLENGE

**Fatimazahra HASSOUNI**

Head of the sustainability and development of fisheries  
resources-Department of Maritime Fisheries  
Morocco

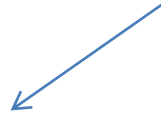

**30 JANVIER 2023**

# Blue Economy is part of the new development model of Morocco

“With regard to the blue economy, all of Morocco's opportunities, given its vocation as a maritime nation endowed with significant intangible capital, must be mobilized. These actions should focus as much on traditional economic sectors such as fishing, tourism and port activities as on new sectors with high potential (aquaculture, algoculture, marine bioproducts, shipbuilding or renewable marine energies ...) (...)
